

I'll hold onto every single word
Down the mountain
you've chosen to return
I'm your cannibal

I'll hold onto every single word
It's promised to you, get what you deserve
I'm your cannibal

Hold me under, into your river 2x
Learn in hunger
I'll take forever from you

I am, lost
Make me, lost

Every single word, chosen too, promised too, returned too

You're going to lose it all, I'm you're cannibal

You're learning to lose it all, I'm your cannibal

Take this forever from me
