

My celebration, my sweet contagion  
I'll shoot this poison dry  
You bring my pacing, black as my tasting  
Please my kiss or die  
It's no confusion, you're what I'm choosing  
I never seem to try  
I need my sugar, down swallowed sweet delight

Like a craving calling  
Like a craving call we just can't get enough

It's a long way from misunderstanding  
Take this devotion, sweet the demanding

My devotion

I've seen you waiting, I've been sedating  
Strawberry fine design  
You got emotions, I've got the potions  
Please be my drink tonight  
We've got a long way down, well, when we reap tonight  
You'll be my sugar, I need my sugar, savor my savior right

It's a long way down, and when we fall, we just can't get enough...

It's a long way from misunderstanding  
Take this devotion, sweet the demanding

Be my sugar now...
